Course Description:

Tsi Karhakta “*Edge of the Woods*”

Here you will have the opportunity to enter into the Iroquoian World by experiencing their traditions and cultural philosophy through the medium of their own language. You are embarking on a journey of cultural understanding which will change how you view an Indigenous Culture and its traditions. Here is the beginning of your journey.

You have travelled a great way and now you come to the edge of the woodlands and before you are expansive open lands of agricultural produce surrounding a distant village. Here is **Tsi Karhakta**, at the “**Edge of the Woods**” where you would perform a ceremony from older times used to introduce a visitor before approaching a village. Here you light a fire to produce smoke in gain the attention of those in the village, and to then call out “Kon-weh, kon-weh”. This would introduce you a visitor (i.e. student) to the village, the centre of language and culture of the people within, in this case the people within are Mohawk, as called by the English, or better yet **Kanyen’kehàka** as they call themselves “*People of the Flint*”. From this point of entry you begin your introduction to the language of the people, **Kanyen’keha**, and the inherent culture it provides its speakers.

This introductory course will be of interest to students in any program on campus who are new to the Mohawk language and are interested in learning about Indigenous Culture and traditions through language acquisition, to those students who see the Mohawk language as an important part of their heritage, and also to those who wish to learn about the correlation between language and culture.

* Please note that for the 2020- 2021 academic year, this course will be taught virtually using “emergency remote teaching” methods. This means there will be no in-person classes on campus. Students are encouraged to virtually attend the class during the regularly scheduled time each week as there will be important discussions taking place during class; however lectures will be recorded and posted to the course OWL website soon after the scheduled class finishes. Students who miss a class accept full responsibility for working independently to prepare for the following week. It is the student’s responsibility to make sure they have the technology and bandwidth to successfully complete the course.

Important Policies

Policies for Assignment Deadlines *[Please alter to fit your course]*

All written assignments are to be submitted electronically to the instructor and are due at the start of class on the assigned date. A 5% deduction per day will apply to late papers, including papers submitted after class has started. Please see the Instructor in advance of the due date, if an extension is required. Further information on “Academic Consideration for Missed Work” is below.

Assignment objectives and rubrics will be posted on OWL, as well as discussed in class via Zoom. Should you have a concern regarding the grade you received for an assignment, you **must wait 24 hours** from the receipt of the grade (on OWL) to contact the instructor. In doing so, please make an appointment and prepare in writing, with evidence, why you feel your grade is inappropriate. Please be aware that in requesting a grade reassessment, your grade could go up/down/or stay the same. Note that calculations errors (which do occur!) should be brought to my attention immediately.

Academic Consideration for Missed Work

Students who experience an extenuating circumstance (illness, injury, or other extenuating circumstance) sufficiently significant to temporarily render them unable to meet academic requirements must submit a request for academic consideration through the appropriate route:

- (i) For **absences 48 hours or less**, students can complete a [Self-Reported Absence \(SRA\)](#) form provided the conditions specified in the [Senate policy](#) are met. The form [can be completed online](#). The SRA can be used only twice. Please note the important exceptions to this rule:
 - i. Not permitted for final exams or assessments worth more than 30% of a course.

- (ii) Students whose absences are expected to last **longer than 48 hours**, or where the other conditions detailed in the policy are not met (e.g., work is worth more than 30% of a course, the student has already used 2 SRAs, the absence is during the final exam period), may receive academic consideration by submitting a [Student Medical Certificate](#) (for illness) or other appropriate documentation (for compassionate grounds). Students are encouraged to contact their Academic Counselling unit to clarify what documentation is appropriate.
- (iii) All of the Faculty of Social Science Academic Counselling procedures can be found here: <https://counselling.ssc.uwo.ca/procedures/index.html>

Students seeking academic consideration:

- Are advised to consider carefully the implications of postponing tests or midterm exams or delaying handing in work.
- Are encouraged to make appropriate decisions based on their specific circumstances, recognizing that minor ailments (upset stomach) or upsets (argument with a friend) are not normally an appropriate basis for a self-reported absence.
- **All students pursuing academic consideration, regardless of type, must contact their instructors no less than 24 hours following the end of the period of absence to clarify how they will be expected to fulfill the academic responsibilities missed during their absence.**

Academic consideration is not normally intended for the following circumstances:

- **Students with an ongoing physical illness or mental disorder (recurring or chronic) or an existing disability** are responsible for determining, in consultation with their doctors or other health professionals, if they are capable of pursuing their studies and, if so, with what accommodations. Students are expected to seek and arrange reasonable accommodations with Student Accessibility Services (SAS) as soon as possible in accordance with the [Policy on Academic Accommodation for Students with Disability](#). Students with pre-existing accessibility plans arranged through SAS may not need to provide additional documentation when seeking academic consideration where such request for consideration relates to their disability and where their accessibility plans allow for coursework deferral or deadline extensions.
- **Students who experience high levels of stress related to academic performance** (including completing assignments, taking part in presentations, or writing tests or examinations). Students with academic or exam stress should access supports through [Student Health and Wellness](#) and [Learning Development & Success](#) in order to deal with this stress in a proactive and constructive manner.

A Note on Plagiarism

Students must write their assignments in their own words. Whenever students take an idea from another author, they must acknowledge their debt both by using quotation marks where appropriate and by proper referencing

such as footnotes or citations. Plagiarism is a major scholastic offence as outlined in the [Scholastic Discipline](#) policy.

Scholastic Offences

Scholastic offences (including plagiarism) are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following web site: www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf

Plagiarism Checking

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (www.turnitin.com).

Policies on Examinations

No electronic devices of any kind are allowed during tests and examinations.

Accessibility Options

Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 519 661-2111 x 82147 for any specific question regarding an accommodation.
